Article Number Six.

Ten Commandments of Dry Farming.

Pin Points of Practical Dry Farm- ing. Issued by North Dak. Association.

THE TEN COMMANDMENTS

1. Thou shalt plow deep.
Deep plowing lets rain get into soil
easily.

Deep plowing lets in big rain with-
out run-off.

Deep plowing provides more feed-
ing space for plant roots.
More plant food made available.

2. Thou shalt keep the surface
soil loose and level and low-
er soil compact.

Loose surface soil keeps soil mois-
ture from evaporating.

Loose surface soil lets rain get into
soil easily.

More plant food made available.
Due to more moisture.

Harrow the grain after it is up two
inches or use weeder.

Level cultivation leaves the least
soil exposed to the air.

More cultivation from a ridge soil.
On ridged soil the rain runs off
thru the furrows.

The soil in the ridges dries out so
that the plant has less water
surface soil to draw on for
food and moisture.

Compact lower soil bring moisture
up to plant roots.

Subsoil or pecker leaves surface
soil loose, lower soil com-
pact.

3. Thou shalt add organic matter
to the soil.

Organic matter holds moisture and
plant food.

Organic matter improved me chan-
ical condition of the soil.

Organic matter prevents drifting and
blowing of the soil.

Organic matter helps make plant
food available.

Sowing one-half bushel barnyard
manure on fall plowing lessens
drifting.

Organic matter lessens washing.
Stable manure is the best form.

Growing grass or leguminous crops
and organic matter.

Row weeds under when green.

4. Thou shalt summer fallow when
rainfall is less than fifty in-
ches.

The summer fallow saves up two
years rain for one crop.

The summer fallow kills weeds and
plant diseases.

Plow summer fallow before June
twice.

When rainfall is over 15 inches corn
will be as good a preparation
for a crop as the bare fallow.

Corn produces more per acre than
other crops.

Do not hill up the corn as this
wastes the moisture.

6. Thou shalt grow clover, al-
falfa or some leguminous
crop every few years.

Clover and alfalfa add organic mat-
ter to the soil.

Clover and alfalfa add fertility to
the soil.

Clover and alfalfa lift weeds and
plant diseases.

Clover and alfalfa produce a most
valuable hay.

Clover and alfalfa produce very
valuable stock feed.

If these will not grow as other leg-
uminous crops, field peas or
soybeans.

7. Thou shalt grow early mat-
uring crops.

Growing condition best in early
summer.

Winter grains better than spring
grains when they do not
water kill.

8. Thou shalt keep down the
weeds.

Weeds use up moisture.

Weeds use up plant food.

Weeds crowd the plants.

Weeds shade the crops.

Weeds make it difficult for the
plant to grow.

Weeds make it hard to work the
land properly.

9. Thou shalt keep stock.

The most profitable way of market-
ing grain and fodder is thru
stock.

They produce manure which is
very necessary to the soil.

They bring about prosperity.

10. Thou shalt plant trees.

Trees retard wind.

Trees prevent drifting of soil.

Trees lessen evaporation.

Locals.

Mrs. A. C. Weaver and two chil-
dren returned to this place from
Hebron Friday. It is understood
that they will make their home here
until the first of May.

Norton James one of the stud-
ents of good farming in this vicinity
took in the convention at Mandan
Wednesday and Thursday, and
was elected one of the county
vice-presidents to the county or-
ganization which was established.
He reports one of the most enthus-
iastic meetings that has ever been
held in this part of North Dakota
or in fact any part.

There is also, he stated to the
Arena, likelihood of a local orga-
nization of the farmers around Al-
mont into a local club for the pur-
pose of studying better methods of
farming and to promote the better
tillage of the soil.

We will add that the sooner the
call is made and the local club es-
tablished, the better it will be for
the farmers in this part of the
country. Also, let the business
men of Almont get into the club
and help along as much as possible
and make the ties closer between
the farm and town.

James Olson of Sims transacted
business in this place the latter part
of the week.

The county commissioners at a
meeting held in Mandan Thursday
appointed a committee to investi-
gate the conditions in the south-
ern part of the county in re the
seed question, and ascertain as
nearly as possible the people who
actually need the free seed and
those who are not worthy of this
county's aid.

Apparently those who have one
business learned seem to think they
have a right to dictate the policy
or conduct of another—we in court-
esy refer them to a paraphrased pro-
verb, "Thou's wisdom is equalled
by thons own conceit."

Messrs. Carl Fallgren, Martin Pet-
erson, Louis Olson went to Man-
dan Wednesday to take in the Dry
Farming convention.

Robert Swanberg has leased the
barber shop in the Palace Cafe
building and has opened up for
business. He is receiving a good
patronage right from the start and
it is to be hoped that he will contin-
ue to have as good a business.

Thursdays and Fridays there was
no school in the local school that
the teacher might attend the exam-
ination at Mandan.

Despite the bad condition of the
roads many of the people living a
number of miles from Almont
have been able to get to the
city for the examination.

Leith Locals

Born to Mr. and Mrs. Jacob
Will, a girl. This child is said to
be the first child-born in this town
and will on that account be named
Leith.

Mrs. Moseman entertained the
Ladies' Aid society last Wednesday
week. A pleasant and profitable
meeting was reported.

The debate at the hall on the
question, Resolved, "The Negro has
suffered more wrong at the hands
of the whites than the Indian,"
was decided in the affirmative.
There is likelihood of having this
debate again.

Lark Notes

Reports has it that Lark will soon
have a newspaper. This is the right
move for the little town and it be-
hooves every business man of our
little place to get behind and boost
it to the top notch. Only a top
notcher is good enough for our
berg.

Work on the buildings being e-
rected here, is moving along nicely
and the nice weather has greatly
aided the wood butchers in their
efforts.

Mr. Binkely one of our farmers
was in Almont the middle of the
week looking after some business
matters.

Our liveryman is kept busy these
days hustling the people who want
Lark vicinity land over the beau-
tiful country which surrounds this
Garden of Eden.

We can boast of the finest black-
smith shop in this part of the
country and we might say in any
part of the country. It is thoroly
modern and the equipment is well
selected for the line of work to be
done here.

DeVaul Doings

Sunday School held in the Big
Bend School on Sunday, after
being closed since the holidays.

Rev. L. M. Stolberg visited his
family over Sunday. His little son
Rube is quite sick, also his son
Henry is feeling badly from a
bruised knee.

George Uebersteg spent a few
hours in Flasher Saturday.

The pedro club, recently orga-
nized, will meet on Thursday
evening with Mr. and Mrs. Chas. Coy
near Flasher.

Miss Nellie D. Morgan gave a
dance on Saturday night to a num-
ber of friends.

Mrs. J. R. Wert and Miss Min-
nie Manson visited Mrs. Malone,
Thursday.

Chas. Jansen returned from Ne-
braska via Raleigh after attending
a family reunion.

Ivar Torguson, who is making
his home with Mr. and Mrs. Peter
Severson has been in ill health but
is improving.

Miss Mable Rogers will leave
Thursday noon for Mandan where
she will take the teachers examina-
tion.

Mr. and Mrs. Peter Severson and
Myrtle Uebersteg visited the Ma-
lone family Thursday evening.

Mr. Ed. Anderson received a
painful injury to his eye from run-
ning into some brush.

Mr. and Mrs. Otis Malone and
family—Miss Mable Rogers and
Mr. Albert Anderson visited Mr.
and Mrs. Otto A. Lusk Sunday.

All reports of George Weekes be-
ing married are false, at least Geo.
says so.

Arthur Weekes made a business
trip to Almont Monday. His little
son John is improving.

Mr. and Mrs. Ed. Ingersoll of
"Energy Row" are the proud par-
ents of a little son.

Arthur Johnson made a business
trip to Almont Monday.

Almont Locals
 There has been a generously signed petition circulated, asking the country commissioners to reconsider their action in denying seed grain to the farmers.
 To grant the seed in many cases is right, but the history of this kind of work has been, that the farmers who do not receive the benefit have to bear the burden of those who unduly get their seed thru such efforts. Many who have obtained seed in other counties have during the past twenty years made no effort to reimburse the country for the expenditure incurred for them. Many as it would appear from the records have deliberately obtained seed and after planting a small portion have sold the rest and used the money for other purposes—probably thinking that "It is not dishonest to best the state as the STATE OWES ME A LIVING."

 The Almont Arena and the Dakota Farmer \$1.50 for the two.
 A. Soderstrom of Sims was in this place Thursday.
 Thomas McDowell and John Moen of Carson transacted business in this place the front of the week.
 O. C. Ellingson transacted business at Sims Thursday afternoon.
 Bert Day of Heart River was in this place the latter part of the week.
 Note the ad of the Palace Cafe Barber shop. It appears in another column.
 William Ellingson of Sims who was taken to the hospital at Bismarck several days ago for an operation, returned home Thursday afternoon, much improved, yet quite weak.
 The Review of Reviews \$3.00 per year and the Arena one year each, \$3.50.
 Ole Barseth who has been visiting at Verndale, Minnesota for the last eight weeks, returned home Thursday afternoon. He reports having had a very delightful visit but still is of the opinion that Old North Dakota is the only place for him.
 The latest report from the convention was that the crowd was the great at that Mandan has entertained for many moons, and from the words of satisfaction heard about the features of the entertainment, one would say the people certainly set the pace for giving the visiting farmers a good time.
 Another call for a report of the condition of the banks of this state was made for the close of business on March 7th. The reports of the financial institutions of this place appear on another page.

What is North Dakota's Stake in the Capitol?

Curled by Lydia E. Pinkham's Vegetable Compound.

Oreston, Iowa.—"I was troubled for long time with inflammation, pains in my side, sick headaches and nervousness. I had tried so many remedies that I was discouraged and thought I would never get well. I had heard of Lydia E. Pinkham's Vegetable Compound and I resolved to try it. I had no more pain, my kidneys were all right and I could do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed and I recommend it to all suffering women."—Mrs. Wm. Seals 605 W. Howard St., Oreston, Iowa.

Thousands of uninflected and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound which is made exclusively from roots and herbs.

Women who suffer from those distressing ailments should try Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. Her name has been helping sick women in this way for free of charge. Don't hesitate—write at once.

MEN AND WOMEN

Kidney trouble prevents men from doing their best. It causes weakness, nervousness, and loss of energy. It is the cause of many of the ailments of old age. It is the cause of many of the ailments of young men. It is the cause of many of the ailments of women. It is the cause of many of the ailments of children.

Reason Enough.

A negro near Xenia, O., had been arrested for chicken stealing. He had stolen so many that his crime had become grand larceny.

He was tried and convicted, and brought in for sentence.

"Have you any reason to offer why the judgment of the court should not be passed upon you?" he was asked.

"Well, judge," he replied, "I can't go to jail now. My wife is in the hospital and she needs my help. I'll build a shack out yonder, and I'll 'cain't' go till I git it done. You 's'nt 'cain't' see that?"—Philadelphia Saturday Evening Post.

Work and Marriage.

In the New York courts recently a girl, aged 17, on being told by her mother that she was old enough to go to work, replied, "Work, I will not; I prefer to marry." When she was married before night to a young man earning \$8 per week, she placed with the reasoning that she was adding to her husband's income. "Where are you going to work?" her mother asked.

"I'm not working," answered the bride.

Fighting Tuberculosis in Hungary.

The anti-tuberculosis movement was started in 1894, and in 1918 there were 20 institutions for the treatment of consumption. Today the campaign is encouraged and financed by the government, and over 200 different agencies are engaged in the fight. A permanent tuberculosis museum has been established at Budapest, and a carefully conducted campaign of education is being carried on.

Dragged Trap Thirty Miles.

Wilton—Andy Washburn, who lives along the river southwest of Wilton, trawling the stream for two days. He brought in to Wilton the first part of a log skid, where many had taken a look at the bear. It is one of the largest specimens ever seen here and is supposed to have come from the upper part of the river. It is now on display at the Wilton Hotel.

Some hunters west of the Missouri river had set a trap for a bear. After he was caught he broke the trap and ran. He was seen after a hard chase being a wilder than any bear ever seen here.

Give a Woman a Chance.

Compulsory military service for men, urges a German female advocate of women's rights, should be offset by compulsory domestic service for women. On the theory that life in barracks and drill in the manual of arms have benefited German manhood, she asks, why will not life in the kitchen and exercise in the use of pots and pans similarly raise German womanhood?
