

DON'T NEGLECT YOUR KIDNEYS

Kidney troubles are too serious to neglect. Slight ailments are often forerunners of dangerous kidney diseases and should be treated without delay.

Dr. J. C. Doan's Backache Kidney Pills was taken with the most successful results. I was almost constantly troubled around with a case as weak as a child.

The Adjutant-General's Office reports that his application was some time since for a furlough has been granted by the war department.

Clark Howell of Atlanta, tells of the case of an elderly dark in Georgia, charged with the theft of some chickens.

Advertising Talks

The "Live" Merchant and the "Dead" Advertiser. Of these business establishments that manage to survive only about half do a really profitable business.

Over fifty per cent. of the business enterprises started in this country fail. This assertion is not astonishing.

TRADE MORALS

The merchant who builds up a recognized place in the public mind by constant advertising has an asset that cutthroat prices can't touch.

Your newspaper ad is an extension of your show window. Remember to keep both dressed up neatly.

A poor advertising policy is better than no advertising policy at all. Don't forget that.

Hunt up your newspaper man and tell him what you want in his advertising pages.

The advertisement that tells the truth is the only kind that you ought to ask your friends to read.

Have something to say to the public and say it. That is the only secret there is to successful advertising.

It takes a good merchant to be a good advertiser. The public knows that and is right in wanting to come to the best advertiser is the best merchant.

"Advertising is too expensive," says the advertiser. He is right. It is expected to pay for itself with pennies.

The Time to Advertise. Minneapolis Real Estate Man Says It is When Business is Good and When it is Poor.

"I once heard an advertising man say the times for a merchant to advertise were, first, when business was good, and, second, when it was bad."

"That made a deep impression on me, and I have adopted it in my business, coupled with one other rule. That is: Look prosperous, even if you are not."

"Several years ago I bought a row of six four-story double apartment houses on one of the better streets. Opposite is a similar row of six, built at the same time, five years ago, but less than three per cent. of my rent through idle apartments."

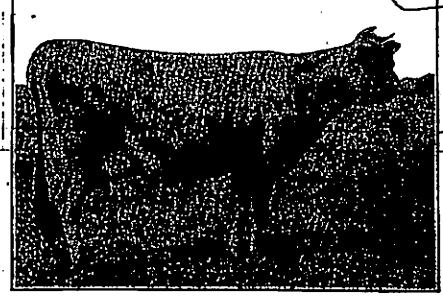

"Following my rule to look prosperous I never put a let sign in a window. As soon as an apartment is cleaned and ready for occupancy I put a sign in the window, which I have cleaned once a week."

"Two Ways of Saying It. 'It's the constant drop of water that wears away the stone.' It's the constant advertiser that develops all the boys. It's the constant advertiser that brings 'em back home.'"

Advertising is the life-blood of business and when the blood ceases to circulate through modern business, disaster follows.

MANY EXCELLENT QUALITIES OF PURE-BRED JERSEY COW

Reasons for Claim That Animal is Superior to All Others in Ability to Produce Butter and Cheese Economically and Records Made in Many Tests Give Her Reputation That is Indisputable.

Price Winning Jersey Cow.

After a lifetime spent in learning the business of keeping cows I do not hesitate to say to the young man reared on a farm: 'Farm; and if you farm, keep cows; and if you keep cows, keep Jersey cows.'

The Jersey cow has long been the reputation, reliable and indisputable, of being the world's greatest butter cow.

The extra size of the fat globules in Jersey milk renders the butter of superior grain and cream and more easily separated from the cream.

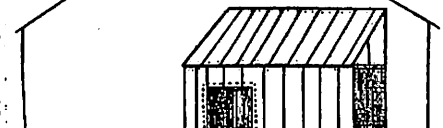

The Jersey cow has long been the reputation, reliable and indisputable, of being the world's greatest butter cow.

Superiority in numbers makes the Jersey a more practical animal than any other breed.

The Cars of Lamb. At eight to ten days of age lambs will begin to eat. At that time a creep should be built which will give the lambs access to a few good quality grains and a trough with hay.

IN THE GOOD OLD SUMMER TIME

Many a time this summer you're going to be just about done up by the heat-hot, and so thirsty it just seems nothing could quench it.

An Astonished Boy. In February of this year a Wisconsin farmer took his twelve-year-old boy to a village for the first time.

Important to Mothers. Examine carefully every bottle of CAUSTIC A. and see that you get infants and children, and see that it bears the signature of Dr. J. C. Doan.

So Familiar. "Yes," said Naggie, "a woman usually treats her husband as the ever able servant of the household."

DISTEMPER. In all the forms of sore eyes, redness, itching, watering, or discharge, the only reliable remedy is Dr. J. C. Doan's Eye Ointment.

Best in the World. "Maud—What excuse have you for doing such an unkindly thing as proposing to Jack?"

Hugging a "Lamb."  
Farran Johnson had been caught hugging one of the finest "ewe" lambs of the congregation who happened to be a very popular young lady and it created quite a stir in the church.

You have seen those great pictures, I suppose, so you know that dear Mr. Shepherd always pictured with a lamb in his arms, and "Hud der" Johnson.

Yes, sah, sah-oo, dat sah sah, ad missed Hebron Jones.

Mr. Brudner Jones, what am wrong to do sheppin' dis dock having a lamb in his arms?

This was too much for Brudner Jones, so he proposed that the people have a called meeting that afternoon. After the point was discussed at the afternoon meeting the following resolution was made:

Resolved: Dat for the future peace of dis congregation, dat de next time Hebron Brudner Jones feels called on to take a lamb or de "Rock in his arms, zat he pick out a rain-lamb."

# STIMSON NEW WAR SECRETARY

Henry Lewis Stimson, the new secretary of war, is a progressive Republican of the Roosevelt stripe and has been considered as Roosevelt's right hand man in politics.

Henry Lewis Stimson, the new secretary of war, is a progressive Republican of the Roosevelt stripe and has been considered as Roosevelt's right hand man in politics. Stimson is forty-three. He is the son of a Ketchikan boomer family and was born in New York September 21, 1877. At Yale he was a member of Psi Upsilon and Skull of Honor. After he graduated from Yale in '98 he went to Harvard and received his master's degree in '99 and his law school diploma in '01.

In 1912 he became a member of the law firm of which Elihu Root was a member and for 1912-1913 he was made partner in the firm. During the last few years that followed Stimson distinguished himself in the prosecution of the sugar trust, Charles W. Morse, and railroad matters.

Last fall Roosevelt nominated him for governor of New York and Stimson and the counsel stumped the state, going down to defeat in the Democratic landslide, after a spectacular campaign.

In person, Stimson is tall, slender and impressive. He has dark hair and wears a small mustache. His diction is precise and his delivery much like that of an attorney reading a brief in court.

When Mr. Dickinson, the retiring secretary, took the war portfolio, he gave up the position of general solicitor for the Illinois Central Railway company and a salary of \$35,000 a year to enter the cabinet. He was born in Columbus, Miss., in 1851 and studied at the University of Nashville, Columbia college, Leipzig university and in Paris.

He was assistant secretary of the Boundary Commission in 1907 and 1908. From 1895 to 1897 he was attorney general of the United States. For some years he has made Chicago his home and is politically a Democrat.

## THE ORIGINAL INSURGENT

Representative Henry Allen Cooper of Racine, Wis., is declared entitled to the distinction of being the first insurgent in congress. Mr. Cooper was in insurgent before the word "insurgent" came into use. He has been in congress 18 years, and he has been in insurgent 18 years.

Before the "insulars" in Wisconsin had Robert La Follette to trouble them, Henry A. Cooper of the First Wisconsin district was inclined to make up the program of the regulars. He was elected first to the Fifty-third congress. Once or twice an effort was made to defeat him for the nomination, and after that they tried to defeat him at the election. But he has been returned to each succeeding congress.

When Cooper went to congress for his first term he was placed upon the committee on Pacific railroads. The Pacific railroad funding bill was before the committee, and the young man from Racine proceeded to raise a row, which was an innovation for that committee on that particular bill. He road labored with him to see the light, but Cooper refused to budge. He fought the claim of the railroad and was removed from the committee as a punishment at his next session.

At the opening of the session of congress in 1907 the Democrats under the leadership of DeWornall, of Missouri, made the first assault upon the issue giving the speaker such great power, and Cooper was the only Republican who joined with the Democrats.

## IS NOW PULLMAN PRESIDENT

Robert Todd Lincoln, son of Abraham Lincoln, presented his resignation as president of the Pullman Shopping Car Company the other day, and John Sumner Huntington, vice-president and general counsel of the company, was elected president.

Mr. Lincoln, who is retiring from active office on account of ill health, has been president of the car company since Thomas M. Pullman died in 1917. He is now 64 years old, and has been away from his office on account of poor health much of the time for several months. Mr. Huntington has administered the office since.

Mr. Huntington has been general counsel of the \$175,000,000 Pullman company since 1917, and has been vice-president since 1913. He was born in Pittsburgh, N. H., July 20, 1853, and graduated from Amherst college in 1875 and after studying law at Dover, N. H., returned to Iowa and became private counsel. From 1881 to 1882 he was

## CARNEGIE GETS GOLD MEDAL

What he called his greatest mark of honor received the other day by Andrew Carnegie when the American Republic bestowed upon him a gold medal bearing on one side the words "Republic of Honor" and on the other "The American Republic to Andrew Carnegie." It was the first time in history that such a tribute from so many nations has been paid an individual, and the scene, which took place at Washington, was highly impressive.

Senor de Zamacoa, the Mexican ambassador, made the presentation speech. Secretary of State Knox presided and President Taft spoke in reply of the gifts which Mr. Carnegie has made for the cause of peace in this hemisphere and throughout the world.

Members of the diplomatic corps and men high in official life filed the hall of the Pan-American union building where the ceremonies were held and for the occasion which Mr. Carnegie gave \$1,000,000.

An occasion the medal Mr. Carnegie told of his deep feelings on being informed that a name of the honor conferred upon him by the Pan American Republic.

When the medal was presented to Carnegie, through the representative voted to bestow upon him this signal mark of honor, he was visibly moved by a powerful sense of the respect and of a great appreciation.

# TO BE 55 STORIES

Gotham Office Building Talliest In the World.

Structure Rises One-Seventh of a Mile From the Ground—Exceeded in Height Only by the Eiffel Tower.

New York—Men will be at work daily in a structure of stone and steel one-seventh of a mile from the ground, and in all of the 55 stories of the new Woolworth building before the end of next year, the time appointed for the completion of the tallest business structure in the world. Laid out flat the giant building would be longer than three city blocks, and Salvatore records for a mile would make 16 seconds the time necessary for the champion to cover the distance. Only steel will exceed in height this newest New York skyscraper.

Higher and higher do our skyscrapers and their supporting everything but the mephitic clouds of smoke from their own boilers; deeper and deeper do they thrust down through the soil, until their massive steel roots find anchorage in the rock below. The Titans of the modern world are the builders, having their toes of steel and stone and brick sunk in defiance of the laws of gravitation and the winds of heaven and daring even the earth quake to confound their work to ruin.

Behind these modern giants of structural efficiency the builders of the early world were but pygmies playing with blocks in the nursery. How could we do any good until our coaches saw the advertisement of the Cuticura Remedies in the paper. We used the Cuticura Soap, Ointment and Resolvent and cured my case of eczema. I also used them on my two children. Two of them had eczema very badly. When my children had eczema, I was not worried at all, as I knew the Cuticura Remedies would do their work. They had sores all over their heads, their hair would fall out, and they would scratch all night and day. They had it on their heads, face, and to back of the ears so that I thought their hair would drop off. I washed their heads and bodies with Cuticura Soap and ointment and as soon as the driven snow, Cuticura Soap and Ointment also cured my children of ringworm. I would not be without the Cuticura Remedies. They are wonderful. (Signed) Mrs. Violet Cole, 24 B. Redfield St., Philadelphia, Pa., Oct. 29, 1910.

## BURN MANSION FOR A SHOW

Promoters Get Negative Views of Fire, Reaction and Quiet Brigade Attempting to Quench Flames.

New Rochelle, N. Y. The historic Alford mansion, built 226 years ago by a Huguenot family, and the scene of many festive meetings of aristocratic society in colonial days, in a mass of blackened ruins today. It was sacrificed to furnish a spectacle for a million picture film. The site of the house was recently purchased for a new Episcopal church, and the old mansion, offered at auction, was bid in by a moving picture company.

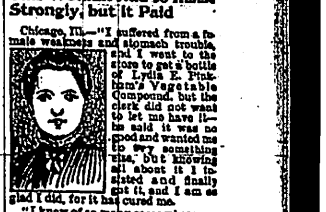

Alford of the old mansion, offered at auction, was bid in by a moving picture company. With the permission of the city authorities the company set fire to the house in order to obtain a series of realistic pictures of the wreckage of a village. The burning was a terrific one, and a mourning family viewing the ruins.

1800 Foreign Girls Lost. Indianapolis Ind.—Eighteen hundred immigrant girls were lost track of after having been received at Ellis Island, and set aboard trains for Chicago and other points in the west, in the last year and a half. Miss Grace Abbott of Hull House, Chicago, said, in discussing in the bimonthly convention of the Young Women's Christian Bureau in Chicago, "as a check on the work of the girls, six girls' immigration girls deserted the night show and disappeared. Their names left for the day, but all of the girls were Miss Abbott's."

# SHE GOT WHAT SHE WANTED

This Woman Had to Inmate Strongly but It Paid

Chicago, Ill.—"I suffered from female weakness and stomach trouble, and I want to tell you that I got what I wanted. I got Lydia E. Pinkham's Vegetable Compound. It cured me. I had to be strong, but it paid."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every woman who is suffering from female weakness, that Lydia E. Advertisements are requested to have their copy for change of address in the Arena Office by Tuesday noon preceding issue of the paper in which changed address to appear.

The Almont Arena bemoans the scarcity of good looking young ladies. Better send your boys on a visit to Hebron. We have the good looking girls all right.—Hebron Tribune.

The above is all in true but if we are compelled to go away from home to find them we would prefer to go to some real town. These "artificial" air castles are not at all to our liking.

Good roads will help those who cultivate the soil—and feed the masses. Whatever aids the progress will increase the wealth of the country—and benefit all the world.

Good roads are the splendid ground of progress and civilization. They economize time, money and labor. They save worry, tear, sweat and waste. They beautify the country and bring the rural population a closer touch with the world.

Good roads are a great factor in the development of thrift. They encourage industry and insure contentment of the residents of rural communities. The highway method of building must be superseded by the order and system—under the supervision of county and state highway officials.

Good roads have a monetary value far beyond ordinary conception. Good roads constitute a credit to the internal improvement and national progress. The people of North Dakota are fast awakening to a realization that good roads are a necessity. They know that development and prosperity cannot come with bad roads.

Good roads and the social, the educational and the progress of the people. Good roads for better homes. Good roads for the consumer's benefit. They put a better portion of that dollar in the pockets of the farmer.

**Women Planning Big Time.**  
The first two days will be devoted to the big event, Almont, N. D., will be held at the Range and Parks department.

**Demand of County.**  
The county had no plan to hold out for the special assessment for the demand for the year 1911, with some additional covering a portion of the county to meet the demand.

**Locals.**

Ye editor makes a business trip to Bismarck, Thursday.

Grace Jacobson is visiting with the Nelson family this week.

O. C. Hillsgren was on the sick list the latter part of this week.

The First State Bank of Almont has a change of ad in this issue.

L. V. Duncanson boarded the west bound train Friday afternoon.

Aug. Timmerman has a new ad in this issue which will pay you to read over.

John Nelson went to Praze where he bot a farm of 240 acres at the rate of \$40 per acre.

W. D. Wagenor, formerly of La Fort City, Iowa was a business caller in this city Thursday.

Jens Nelson who has been on the petit jury for the past week returned home on Friday's train.

Rev. Helleyer, pastor of the Presbyterian church of New Salem, visited Rev. Bradford a few hours Tuesday.

Notice the Lark celebration ad in this issue. There will be a big time for all in that hustling town on the 22nd of this month.

Aug. Timmerman is improving his store building. He will have living rooms down stairs when it is completed which will make it more easier for the women folks.

J. W. Hurley has been having several of his buildings painted during the past week which improves the property considerable and at the same time makes the city look more prosperous to those coming in.

The crop prospect is even better than ever in this part of the country. The rain that fell Thursday evening and most of the day Friday was the best that has happened this season and we no more hear the old story about a dry season.

**Park River to Open Up.**  
Park River—May 21 has been dedicated upon as general clean-up day in Park River, and the commercial club has taken the responsibility of seeing that every home in the city presents a gloriously clean appearance by that time. The club has also decided on June 1 as the date on which to have President McKay of the university deliver his lecture on "The Making of a Town," and to otherwise attract visitors to the city on that day a big baseball team will be arranged.

**Prominent Jewelers on Program.**  
Grand Forks.—Several prominent speakers already have been secured for the annual meeting in this city, June 12, 14 and 15, of the North Dakota Jewelers Association. These include A. L. Hackett, of South Bend, Ind., Charles F. Hitzgenboham, of South Bend, Col. John T. Shepard, of New York, and Jacob Franks, of Rochefter.

**GOOD OLD North Dakota**

The census shows that this state has made almost unparalleled developmental during the past ten years.

The growth will be even greater during the next decade. What has been brought this about? The rich soil, the healthy climate, the free character of the citizen, the best of everything in this program. These facts will be advanced the people statesmen will be glad to see the progress of the state.

That above all, North Dakota is the rapid development of the state, and your progress has been a great part of it. It is the work of the state to be the best of everything in this program. It is the work of the state to be the best of everything in this program.

That above all, North Dakota is the rapid development of the state, and your progress has been a great part of it. It is the work of the state to be the best of everything in this program. It is the work of the state to be the best of everything in this program.

### Don't Rent!

PPPPP

We will sell you land cheaper than you can rent. If you are ambitious and willing to work the land we will sell you a good quarter on crop payments. You get one half of the crop and the other half you apply on the purchase price of the land. It's just like renting land excepting that when you have raised so much grain you get a Warranty Deed to the land and it is yours, while if you rent you get nothing but a receipt and a chance to move to another rented place. If we didn't have faith in our land we couldn't and wouldn't sell it in this way. Write to us for further particulars.
