Mrs. Young was in Almont a couple of days this week attending to business matters for her brother Mr. Filkins, of Mandan. She left Monday for Minneapolis where she will join her daughter and sister, who are visiting D. C. Filkins at that place.

Tom Miller, the man who has gained some notoriety as a "sand doc" in the Carson Press of late, was at Mandan Monday on business matters. The Carson Press of next week will undoubtedly state that he was only looking up a new location, but we have Tom's word vice versa.

We desire to impress upon the minds of the farmers to do their trading with the merchants who advertise in the Arena, for these merchants have the goods and you are sure of a square deal. Merchants who advertise their goods could not afford to do so if they were not O. K.

Kindly Mail Check.

How dear to our heart is the steady subscriber

Who pays in advance at the birth of each year,

Who lays down the money and does it quite gladly,

And casts 'round the office 'a halo of cheer.

He never says, "Stop! It: I cannot afford it,

I'm getting more papers than now I can read."

But always says, "Send it: we readers all like it—
In fact we all think it a help and a need."

How welcome his check when it reaches our safe!
How it makes our pulse throb; how it makes our lips dance.
We outwardly thank him: we inwardly bless him—
The steady subscriber who pays in advance.

Chas. Knutson was in town Wednesday morning.

Snow has been falling quite frequently during the past week.

Tobias Olson was shopping in the city Tuesday of this week.

Chas. Hoeger and wife were Almont shoppers Wednesday of this week.

Rick Olson was in from the farm Tuesday afternoon attending to business matters.

County Commissioner Feland was in Almont Tuesday attending to some business matters.

Rev. Alexander returned Wednesday from a two weeks visit at Raleigh, where he held special services.

Sometimes it is necessary for us to cut out some of the correspondence for various reasons, so don't get angry if it does not appear in full.

Axel Hanson and C. G. Thor went down to Mandan Monday to take out their citizenship papers. Otto Feland and Martin Peterson accompanied them as witnesses. They all returned Tuesday afternoon.

Market day, which was to have been last Saturday, had to be postponed on account of the bad weather. The wind, she blew, and the snow, she poured, and between it all we experienced some pretty rough weather. A date will be set later.

Wednesday afternoon while we were busy setting up the paper, two young lads went by several times and each time they were heard to say, "we're in town today, put our names in the paper." We were pretty busy so our better half composed the following little verse, entitled, "Why did she do it when she shouldn't."

Two Reubens from the country
Came to town the other day,
And as they passed the office, cried
"Ege, we're in town today."
N. E.—When you're in again boys
drop in and give us your names.
Now will you be good?

It has always been our policy in our thirty years career on this old world, to give credit where it was due, and vice versa. With the first talk of having a town where Almont now stands, Fred Holritz, then a prosperous merchant of the town of Sims, decided to cast his lot with the Almontians, and so he put up a store building, and started to do business. He made friends fast and in a short time, was compelled to more than double the size of his building and business in those days was always "humming" merrily along. Still Fred made friends and by his business policy of treating the public fairly and charging only fair prices for his goods he has kept the confidence of the people and can boast of one of the cleanest and largest stores this side of the Missouri. He sells only the best goods at prices many other merchants charge for cheaper grades and the public can rest assured that they have secured a bargain when they do their trading with Fred Holritz Sr.—Go and inspect your goods before you send away and we will give you of the best kind of treatment and the lowest prices. The saying, "Yours for a square deal" can be simply applied to Fred Holritz Sr., the big store.

JEWELRY!

We have a complete line of Jewelry of the very latest. No shop-worn goods as our line was only received a month or so ago and our prices are very reasonable, considering quality.

IS IT JUST?

The commissioners of a county are elected to office for the purpose of attending to county matters in a business-like manner and pay out necessary money where only value is received. But occasionally we hear of a few boards that try to keep "harmony" no matter what the expense may be, rather than do justice to the taxpayers. This seems to be the way Morton county is being run at this time. The law states that THREE official papers may be appointed in the county, but the commissioners are permitted to appoint any number desired, even if it is necessary to "keep peace in the family." Following is the law as given in the code: Article 10—County Commissioners. Chapter 2432.—Proceedings of the board to be published. It shall be the duty of the board to cause to be published in three newspapers published in its county, or in case there are not three newspapers within the county qualified to make such publication, then as many as there are, a full and complete report of all its official proceedings at each regular and special meeting, such proceedings to be published as soon after each meeting as practicable, and the board shall pay at the rate of twenty-five cents per square of twelve lines of solid brevity type, or its equivalent, to each newspaper designated to publish such proceedings, which shall file or cause to be filed with the county auditor an affidavit of publication executed in proper form; provided, that not more than two newspapers in any congressional township shall be so designated, and when there are but two papers in the county and both are in the same congressional township, the commissioners shall designate but one of such papers. In case there is no newspaper published in the county, the board shall cause such proceedings to be published in such newspaper in the state as has the largest circulation in such county and shall also cause such report to be posted in three places in the county, one of which places shall be the office of the county auditor.

Now it does not seem to us that the Morton county Commissioners have acted in good faith in stepping over the line and appointing six official papers and to have two of these in the same city. Of course some things may be done to settle disputes but when it comes to paying out the county's good money for something that is not needed it is up to the taxpayers to rise up en masse and demand justice no matter whether one or more commissioners are put on the "black list" or not. We will state that by the last vote of our commissioners that the taxpayer has been done an injustice and that the amount paid these extra official papers will run upwards towards approximately \$2000 per year in this treating the county as a whole, fair? Now we do not think that any person of sound mind will say that this was a lawful move on the part of our commissioners and deem that it is only demanding justice to the taxpayers, by requesting the County Commissioners to recall this last resolution in appointing three extra official papers, and by taking

one from Mandan and placing it in its rightful territory, the south part of the county can still see just what is being done by our commissioners. Next week we expect to spring some news of a sensation on the public written by a reader of the Arena, in which some things will be "shown up".

Since last week's issue of the Carson Press, the battle cry of the Almont rebels has been changed from "vi maatte tillsammans atikke" to "get the book, Den Dikter er ranteen."
