SIMS SIDELIGHTS

Lue Siverson made a business trip to New Salem last Monday. Judge of probate J. C. Johnson spent Sunday with relatives at Sims.

The girl's Embroidery Club met at the Mrs. T. C. Larson home last Saturday.

J. E. Olin and Theo Feland each received a car-load of baled hay last week.

Joe Williams of Mandan was in this town on business last Saturday and Sunday.

Rev. G. N. Isolaney was among the business visitors to New Salem last Monday.

O. C. Ellingson of Almont spent a few hours with his father at this place Sunday.

Charley Keller and Fred Vollrath spent a few hours in our town last Sunday on their way to New Salem.

C. L. Timmerman of Mandan spent a day in Sims the latter part

of last week looking after his business interests at this place.

P. R. Peterson left last Thursday for Sheridan Mont. where he will take charge of a section on the Ruby Valley Branch of the N. P. County Commissioner Feland made a trip to Glen Ullin last week in the interest of the free seed grain proposition for needy farmers.

Lawrence Iins commented work on the section last Monday and will henceforth and hereafter give vent to his surplus energy through the pick and shovel.

Our pumper John Lane is laying off for a couple of weeks and has gone to his home at Sweet Briar to get ready for spring. During his absence John Jacobson of this place will have charge of the work at the pumping station.

A. Holritz is selling a lamp burner that gives three times as much light as an ordinary lamp. Changes the ordinary smoky light into a bright white light resembling gas light. Does away with smoky chimneys costs 35c. For sale by A. Holritz.

LOCAL RESUME

The Doings of Yourselves and Others Weekly

Read the Almont Arena.

H. G. Timpe spent Wednesday in Almont.

E. E. Erb spent Wednesday in Almont. He says that spring has arrived.

O. K. Overgaard went up to Glen Ullin Tuesday on business matters.

Mr. and Mrs. T. H. Stiler were in from the Custer Creek country Saturday last.

Miss Amanda Nelson left Saturday last, for Bismarck where she is attending school.

This warm spring weather gives a fellow the "spring fever" but then it feels nice after our long winter.

Anna Timmerman spent Sunday with her folks at this place. She returned to Sims on Monday morning.

Chas. Knutson was in town Thursday and stated that he intended to commence seeding in a couple of days.

J. W. Hurley left Thursday for Center, where he has business matters to attend to. He expects to be gone about three days.

Edward Sullivan, editor of the New Salem Journal spent Wednesday in the city attending to business matters. He left for his home on No. 8 Thursday morning.

Harry Jacobson and Richard Omland of Custer Creek, who have gained some fame as the "rebblers" were in town a few hours Thursday. The boys say they were brought up in cities and one of them stated that he was raised on the bottle, as the good old story goes.

The nice weather during the past week has made the "smiles" that departed last fall to return. On Wednesday the editor noticed Aug Timmerman with a broad smile of satisfaction on his face, and when he saw us looking at his teeth came together with a clank—this evidently denoting pleasure.

Presbyterian Church Services
Sunday, April 7th.

Sunday School at 2:00 p. m.
Preaching service at 7:30 p. m.
Subject:—"A Conference to Be Avoided." Gal. 1: 16.

To all services a cordial invitation is extended.
ROOT, ALEXANDER, Pastor.

Joe Peterson was in from the farm on Thursday.

R. M. Wilman was in from his claim last Saturday.

Theo. Ramaland was in town on Thursday of this week.

Miss Mary Shafer was the guest of Mrs. Brown Wednesday and Thursday.

Attorney Brainard was down from Hebron Monday attending to legal business.

Harland Silvernail spent Sunday with relatives and friends at Taylor, N. D.

The farmers are working in the fields this week and everybody expects fine crops.

Ray L. Lindner was attending to business matters at Richardson the first of the week.

Buy your corn for spring at 75c per bushel, before it is all gone at C. H. Chase Lumber Company's Elevator.

The merchants have all been cleaning their windows this week and it improves the looks of them very much.

Rev. Alexander returned to the city Thursday after spending a couple of weeks holding special services at Coal Harbor, N. D.

Chris. Ellingson, a brother of O. C., took possession of the Bird Livery Barn on Monday. Mr. Ellingson has leased the barn for the next year and as he has had considerable experience in this business we predict that he will do a good business. We welcome him to our city.

Choice Bench wheat, Montana oats and all kinds of feed for sale at the Occident Elevator.

C. M. Smead, Agent.

As well stated by one of our exchanges, the trade territory of a town is not all dependent upon the distance to neighboring trading points. The trade territory depends upon the enterprise of the residents of the town. If a town does not reach after the trade, it will come only as far as it has to. But if the merchants go after the business in the surrounding country, advertising in every possible way and making good every word of their advertising, trade will come from an ever increasing radius; the town will gain a reputation of being awake and will forge ahead. It is the man living within a certain number of miles from it, that makes the town meet of the surrounding territory.

SPRING PICKUPS

Smile—tan you—smile.

Aug. Timmerman wears one of those new "spring smiles".

Lawrence Nelson has contracted the automobile fever and is only seen carrying some part of an auto these days.

Why look so sour Andy? Spring is really here. Wear a smile.

Postmaster Templeton wears one of the new smiles.

Jens Nelson must have the spring fever, for he don't come in to the city as often as usual.

Neil Gillis was seen working the first of the week. Spring is surely here.

Shorly Erickson has a spring whistle.

Andrew Knutson still wears his coat but he has one of the new spring smiles.

Spring surely does seem to be picking up. H. O. Tom Miller were seen together on Wednesday.

"Doc" can show signs of spring. He put his screen door on Thursday.

Fred Holritz seems to be the youngest man in town since spring has opened up.

Hyde is wearing one of the new spring smiles.

Chamberlin is always singing a new spring song entitled, "Friends."

The spring poets have failed to appear in Almont as usual, so we are wondering if spring is really here.

The new spring hats are being worn and they are a good thing. That is, if you are in a good garden or picking up.

Let's everybody smile. It will be happy and sunny weather.

FORMALDEHYDE---

Formaldehyde put up in wood containers rapidly loses its strength and by unscrupulous dealers is diluted with water.

We have fresh Formaldehyde put up in original 1 pound glass bottles, thus insuring the purchaser the pure product in full strength.

Easter Post Cards--

We have just received a lot of appropriate Cards for Easter and invite your inspection.

The collection is varied and very complete, at the lowest prices.

Ice Cream for Sunday.

GOPHER POISON

We have the famous Woodlark Gopher Poison and if you desire to get the poison that does the business, you will buy Woodlark.

There are many different kinds of gopher poison, but Woodlark has been tried and pronounced by all as "the best that's made."

FLOOD-LOSS WILL REACH MILLIONS

MISSISSIPPI RIVER NEAR ST. LOUIS HAS BEEN STATIONARY LAST 24 HOURS.

ALL OVER NORTHWEST

200 Families Driven From Their Homes in Des Moines.—Train Service in Several States Demanded.

St. Louis, April 3.—The flood in this section of the country, including Missouri, Illinois and Kentucky are the worst on record. Property loss has already run into the millions. Rain has been falling throughout the flooded district for the last 12 hours and there seems to be no relief in sight.

The St. Louis levee was stationary for 24 hours at 23.8 feet, and a further rise is not expected for 24 hours. (Also see the drainage district are the people are leaving in this section of the country, the entire country north and south of that city being covered with several feet of water.

The river at St. Louis has a stage of 63 feet, which is eight-tenths of a foot higher than previous records. A stage of 51 feet in predicted before the flood subsides.

Large forces of men patrol the levees constantly and everything is being done to keep the embankment in good condition. Trains are still operating out of Cairo, but the rest of the railroads are being routed over foreign systems.

The Mississippi is about two feet higher than the Ohio at its mouth, and is cutting across the country into the Ohio.

The backwater has raised the government road between the national center and the river to a depth of three feet. The country about Hickman, Ill., is inundated. Live stock is being driven to the hills and the people are leaving in this section of the country, the entire country north and south of that city being covered with several feet of water.

Hickman, Ky., is Flooded

Hickman, Ky., the levee broke here and the town is flooded. Hundreds of families have been driven from their homes. There has been no loss of life. Water is everywhere on the business district.

In the streets of Hickman the water reached a depth of two to eight feet within an hour. The fire alarm, rolled upon as a signal, was sounded and the firemen went out, but hundreds of homes are in the rain, seeking shelter. The water late last night was raining.

For four days and nights all the men in town have been working to protect the levee, but the continuously heavy downpour of rain, aggravating the rising river, until their work in an instant.

Hickman is the town in which the Mississippi baseball team is doing its spring training.

Trains Running Late.

St. Paul, Minn.—Although the Missouri river has fallen slightly in the last 12 hours the tracks of the Great Northern railway in the Missouri and Utah river valleys are under water at several points and trains are running from five to ten hours late.

Chicago, Burlington and Quincy trains are arriving behind schedule, owing to the high water in South Dakota.

Railroad Bridge Washed Out.

Decatur, Iowa.—The stage of the Mississippi river is one foot lower than it was yesterday. The bridge following the breaking up of the ice goes, six miles below Des Moines at Batavia, Mich.

The railroad bridge over the Cedar river at Buchanan on the Clinton-Iowa City branch of the Rock Island was washed out.

Stocks in Stores Damaged.

St. Louis, Mo.—Thousands of dollars' worth of stocks in the hands of the St. Louis stock exchange have been damaged by the high water in South Dakota.

Mississippi Breaking Up.

St. Louis, Mo.—The ice moved out of the river and river navigation on the Mississippi has been opened. The river is now in the hands of the St. Louis stock exchange.

Damage Done in Kansas.

Wichita, Kan.—All houses in towns and villages and to farm buildings and railway roads in southern Missouri, along the course of the Mississippi river, have been damaged by the high water in South Dakota.

PREACHER HELPS POLICE

Rev. W. E. Paul, of Riverside Chapel, Minneapolis, gave the police the tip which Frank Quarterman was arrested for the murder of John J. Matthews. He based his clue on a story told him by two members of his congregation.

STRIKE MAY END BY APRIL 20

BITUMINOUS MEN EXPECTED TO RATIFY PACT.

Coal Men Will Receive the Highest Wages Ever Paid Coal Workers.

Indianapolis, April 3. With only one or two exceptions, the suspension in the coal industry of the country, which went into effect at midnight Monday, when the wage contract between the members of the United Mine Workers of America and the bituminous and anthracite coal operators expired, was universal, and approximately 400,000 miners are out of work, the country will lose more than 1,000,000 tons of coal and the output will be cut about 15,000,000 in value.

President John P. White, of the industry, before starting for his home in the afternoon, and that he expected the bituminous men to ratify the Cleveland agreement and return to work, probably by April 20. He also predicted a speedy adjustment of a wage contract in the anthracite field when the miners and operators are in touch, probably on April 15. The failure for the ratification vote on the bituminous agreement are being prepared in the national headquarters here, and it is believed they will be returned here by April 15.

The only exception to the general suspension, which is a case in the industry of the same industry, was the two railroad men at Evansville, Ind., in which the men continued at work with the understanding they are to receive the new rate of wages.

No trouble has been reported from any district, and numerous other men required to keep the property in shape for a resumption estimated at their part the same as any other day.

Edwin Perry, national secretary, treasurer of the miners, says the Cleveland contract, when ratified, will provide the highest wages ever paid to coal miners of any country.

HEADS STATE AUTOISTS

Dr. C. E. Outten New President of Auto Association.

Minneapolis, April 3.—At the election of the Minnesota Automobile Association, Dr. C. E. Outten of Minneapolis was elected president, and other officers were elected as follows: Harold Gibson of Red Lake Falls, first vice president; E. L. Thompson of Bemis, second vice president; A. W. Strong of Minneapolis, third vice president; O. Roy Hill of Minneapolis, secretary; and J. K. Martin of Little Falls, treasurer.

Minneapolis Grain Outlet.

Washington, April 3.—A delegation from the Massachusetts government, which has been looking into the matter of an additional outlet for grain, has been in Minneapolis. Investigation has been made into conditions at Chicago, Duluth, Milwaukee and Minneapolis. The new arrangement will be a suitable supply of cars and Canadian inspectors being appointed at North Portal. Chief has particularly to do with the 1,000,000 bushels of wheat still in the hands of the producers.

Tail Awa \$500,000 to Aid Floods.

Washington, April 3.—President Taft took quick action to lend the energies of the government toward stopping the threatened floods in the Missouri and Mississippi river valleys. Following conferences with the secretary of War, William D. Clegg, and several senators and congressmen from the great streams, he sent a message to congress urging the immediate appropriation of \$500,000 to be used in strengthening the levees.

Trains Running Late.

St. Paul, Minn.—Although the Missouri river has fallen slightly in the last 12 hours the tracks of the Great Northern railway in the Missouri and Utah river valleys are under water at several points and trains are running from five to ten hours late.

Chicago, Burlington and Quincy trains are arriving behind schedule, owing to the high water in South Dakota.
