SIMS SIDELIGHTS

Mrs. J. E. Olin made a business trip to Mandan last week.

J. C. Johnson was a business caller at Sims last Saturday.

Miss Esther Linstad of Curlew visited with her sister at this place.

Mrs. J. E. Olin Jr. of Mandan is visiting with relatives at this place.

Miss Alice Feland of Mandan spent Easter with her parents at Sims.

A light sprinkle of rain, the first of the season, fell here last Thursday April 4th.

Mrs. Thos Gray is the proud possessor of a new "Economy Chief" cream separator.

The section crew has been increased from three to eight men. The additional men being Greeks shipped up here from Milwaukee.

P. R. Peterson did not depart for Montana on the 4th as was intended, on account of sickness in

the family, but left Monday April 8th.

Four of our young people have organized a tennis club and are busy practicing when ever opportunity affords. Some day they may go to Almont and contend for supremacy with the knights of the racket at that place.

We understand J. B. Jacobson has the Texas fever real bad and is around looking for a buyer for his place. As a rule when a person gets it in to his head that he wants to leave he is willing to sell pretty cheap and this may be an excellent opportunity for one that wants a quarter of North Dakota land to get it at very reasonable figures.

Strayed

from my place last November a dark bay, bell-face mare with foal. Two white hind legs; double wire cuts on left front leg; collar sore on right shoulder; branded Z. \$10.00 reward for information leading to her recovery.

Ludwig Sehl,
Sec. 10-137-87.

LOCAL RESUME

The Doings of Yourselves and Others Weekly.

O. K. Orregaard spent Wednesday in town.

J. W. Hurley was an over night business visitor at Glen Ullin on Monday.

John Thompson purchased a new plow of J. Nelson & Son the first of this week.

Buy your corn for spring at 77c per bushel, before it is all gone at C. H. Chase Lumber Company's Elevator.

C. E. Withroe was in from the Heart River Monday and reported that the spring work has begun in earnest in his territory.

H. G. Timpe was in Saturday and purchased Tom Miller's interest in the threshing outfit formerly owned by them jointly. H. G. will make the sod fly this year.

W. F. Martin was in from the Custer Creek country and stated that he would start work the first of this week. W. F. has an extra team this year and he expects to make the sod fly.

Ludwig Sehl was in town on Wednesday after some supplies. He stated that he had started the spring work the first of the week. Mr. Sehl lost one of his horses and had an advertisement put in this paper.

Tom Duncan was in Tuesday and took out a new drill that he had purchased of J. Nelson & Son. Tom is getting down to real work now and in a few weeks will be minus some of his winter's accumulation of fat.

Norton James was busy the first part of this week building a bunk house on wheels down at the Hyde lumber yard. Norton has purchased a new braking engine and wants everything handy. He expects to do considerable breaking this spring.

A number of our citizens went down to Mandan Wednesday to arrange about having the county seat moved up to Almont. It seems that "King August" Jan's satisfied without having a kingdom that he can call his own. This is principally "Billy Sunday".

Aug. Timmerman stated that he went down to Mandan occasionally so that they would know that he was not "dead". The population of Sims waited for this this same thing and Almont has long waited. We think that he goes down so often to "run a bluff" on the Mandanites that he is "important" but we hardly think the people at Mandan are so foolish.

Postmaster Templeton spent Wednesday in Mandan.

Erb spent Thursday in Almont as a witness for Ed. Cotton.

Ed. Cotton made proof on his quarter before the local commissioner Thursday.

The autos have made their initial bow for the 1912 season the first of this week.

J. W. Hurley went down to Bismarck Wednesday morning returning on No. 5 the same evening.

Fréd Holritz Sr. was at Mandan Wednesday to attend a meeting of the Slope Development Association.

John Thompson was in town on Tuesday and purchased some harness of J. Nelson & Son so as to get busy with the spring work.

Choice Beach wheat, Montana oats and all kinds of feed for sale at the Occident Elevator.

C. M. Smeestad, Agent.

Tom Miller is negotiating for the purchase of a new engine and he says that it will be some engine, too. Tom states that no more toys go with him anymore, but that they will have to be the "real things".

Rev. Alexander has just notified us that next Sunday will be his last services held in Almont as the Presbytery has moved him to Zenith, where he is located last year. He states that a new man will preside here after the first of May. We are all very sorry to see Rev. Alexander leave our midst but it is not in our power to have him remain. He has done considerable good in our city and we all wish him God speed, wherever he goes.

Mr. and Mrs. F. Spath and Elmer Martin visited at the N. Siller's home Easter Sunday.

A letter from P. Peterson states that he will be in Almont for a "chunch in about" two weeks.

Every body seems to be one of those new

lately that must be "catching".

R. G. Thieme, John and Jake Scharr were at Bernt Rolstad's to get seed potatoes last Sunday.

T. H. Siller, Harry Jacobsen, and F. Spath were assisting John Launeman through his flax this week.

The three children of Mr. and Mrs. Spath who have been sick for sometime are getting along nicely.

Blair Martin is busy putting in his field. Well, old boy, here's hoping you have good luck with your crop.

The Messes Carrie and Oros Jacobsen and brother H. H. Spath over in see their flock of chickens.

Mrs. Nellie Larson and relatives were in Almont to see the new cream separator.

FORMALDEHYDE---

Formaldehyde put up in wood containers rapidly loses its strength and by unscrupulous dealers is diluted with water.

We have fresh Formaldehyde put up in original 1 pound glass bottles, thus insuring the purchaser the pure product in full strength.

Fresh Drugs--

We carry nothing but the best, fresh drugs. Everybody should take some kind of a spring tonic to clean and tone up the system. We carry all the different brands of tonics and invite your inspection.

Ice Cream on Hand.

GOPHER POISON--

We have the famous Woodlark Gopher Poison and if you desire to get the poison that does the business, you will buy Woodlark.

There are many different kinds of gopher poison, but Woodlark has been tried and pronounced by all as "the best that's made."
