GAINE 65 DELEGATES TO PRESIDENTS 65 IN THIS STATE CONVENTION.

## BALTIMORE FOR LEADERS

Clark East Wilson Nearly Two to One—Massachusetts Resound Favors Who Are Pledged To Roosevelt.

The Final Result.  
Baltimore, May 8.—Complete unofficial returns from the Maryland primary gave Theodore Roosevelt thirty-six delegates, by one more than the number necessary to control the state convention. Democratic primary returns, which carry a precise tally, gave Clark 81, Wilson 44, Harman 4.

Baltimore, May 8.—Maryland's 16 votes in the national convention will be cast for Theodore Roosevelt and Speaker Champ Clark unless the few hold in Maryland will be heard from change the result in the state's presidential primaries. Although the election was close Colonel Roosevelt's face on the returns and more than enough votes necessary to control the state convention.

The primaries divided the delegates to the state convention as follows:

Republicans—Roosevelt, 66; Taft, 23.

Democrats—Clark, 75; Wilson, 44; Harman, 4; in doubt, 8.

Majority necessary to control the convention, 66.

The state delegates elected are bound to choose a delegation to the national convention favorable to the presidential candidates for whom the people expressed their preference.

Although the popular preference vote of the state as a whole did not determine the result, it favored Roosevelt and Clark by a plurality more conclusive than any division of state votes should. This was due largely to the sweep which both successful candidates made in the city of Baltimore.

Clark led steadily from the time the first returns arrived from the Baltimore wards. Early in the evening it looked as if Colonel Roosevelt would win by an equally big majority, but shortly before midnight returns from the strong Taft counties in eastern and southern Maryland put the president's opponent ahead.

Both sides claimed his five votes, and the returns were not settled after midnight placed it in the Roosevelt column.

The Taft delegates chosen in Baltimore, although obedient to their instructions to vote for Roosevelt, may give the Taft sympathizers control of the state convention and enable them to elect delegates to the national convention as soon as released from the obligations imposed by the law. Such a situation might arise at the national convention, they say, if several hundred ballots failed to result in a choice.

Resound Delegate Gain.

Doston.—Accounts of the vote for delegates at large pledged to President Taft, cast at the presidential primary, although not reported in detail, and reported from nine cities, including Boston and one town. The returns showed a falling off in support of Roosevelt, the figures as announced at the close of the polls and a consequent gain for the Roosevelt delegates. In Boston the gain of the Taft delegates was 1,847 ballots, a net loss of 91 votes.

In Newton, Lynn, Malden, Taunton, Lowell, Gloucester, North Adams, Boston and Northampton and the town of North Bridgewater, 1,847 ballots were pledged by the voters making no delegation in favor of either candidate.

The net gain for the Taft delegates in the state was 1,847, or about 33 per cent.

## TROOPS TO THE BORDER.

Preparing to Move Soldiers From Fort Bliss to Texas.

Chapman, Wyo., May 8.—Orders were received by the Colorado and Southern railway to seize all empty flat box and stock cars, on a matter in which consigned, and send them to the coast for shipping of the horses and equipment of the Ninth cavalry, which is expecting orders to move to the Mexican border at any time. Thirty stock cars have been delivered already.

## 600 REBELS KILLED.

Mexican Forays and Federal Progress in Chihuahua.

Mexico City, May 8.—Six hundred rebels were killed and the remainder of a force of 1,800 were sent away, according to reports received by the United States. The battle was the second engagement within four days and probably will be followed by a third within a short time.

## VICTIMS DIED OF EXPOSURE

ONLY ONE PICKED UP BY MINIA DIED BY DROWNING.

Body of President Mays of Grand Trunk Embalmed and Sent to His Home.

Haltian, May 8.—Only one of the 11 persons whose bodies were recovered by the cable ship Minia in the vicinity of the Titanic tragedy died from drowning in the opinion of the cable ship's physician. The other 10 perished from exposure, death engulfing them when the ship struck the iceberg. This was demonstrated by examination of the bodies, water being found in the lungs of but one person.

This statement is made on the authority of Rev. H. W. Cunningham, rector of St. George's church, who accompanied the Minia on her quest. The Minia had rough weather, continued the reverend. "We experienced only two pleasant days. I saw but two bodies, one of them shaped like a great fish, with two arms protruding from its base. The officers, however, told me that they sighted a number of bergs in the distance.

The bodies were recovered were found miles apart, and such success as we attained was due to expert navigation and good luck.

Of the bodies recovered 15 were brought to port; the other two, the bodies of unidentified women, being buried at sea.

The bodies preserved were those of Charles H. Mays, president of the Grand Trunk railway; Joseph P. Fryer and Dr. Huber, merchants of Liverpool, Eng., who was a second class passenger; three third class passengers and ten members of the crew.

Owing to difficulties due to the rough sea the treatment of the bodies on the cable ship was of a temporary nature. That of Mr. Mays was embalmed here and shipped to his home in Montreal on a special train.

The three ships to go in search of the bodies of the Titanic disaster left before what is probably the last of April 28 in Halifax, and headed for the Canadian steamer Monopony.

The provincial government has in its possession sums amounting to \$70,000 of the money taken from the bodies.

The largest amount found on a single person was \$16,000 found in the pockets of Col. Neil Brasfield of Glasgow, Pa.

Fargo, May 8.—A Fargo Forum, the organ of the standard faction of the republican party since November 17, 1891, went into the hands of a socialist party.

Immigration from the Northern Pacific, Soo and Milwaukee railway systems were in attendance, and their words of counsel and advice were attentively heeded by the farmers. Plans for the approaching state campaign were discussed. A campaign fund was raised, and, according to Mr. Tucker the league will wage its battle in every precinct.
