Farmers State Bank

CAPITAL \$10,000.00
Almont, North Dakota

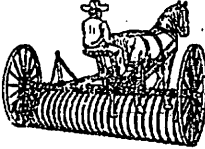

This bank has the organization and the connections to enable it to be of service to every one within its territory and on these grounds solicits your business, promising in return fair and courteous treatment and the best terms that are consistent with sound banking.

We make farm loans.
Insurance in reliable companies. Five per cent interest paid on time deposits. Interest compounded semi-annually.

HAY

We handle McCormick mowers and rakes. If you need a new haying machine, you can do no better than get a McCormick. McCormick mowers are light running; they are durable, and they are built in various sizes to meet the most varied requirements—3½, 4½, 5, 6 and 7-foot cut. McCormick rakes are made in various widths in either hand or self dump styles. If you are undecided as to what machine you want, call and let us explain the many meritorious features found in the McCormick mower and rake construction. Learn why McCormick mowers and rakes are money savers. If you are not ready to buy, call anyway and get a catalogue. It's filled with valuable information, and it will explain exactly why McCormick rakes and mowers excel.

G. A. Knutson & Co.,
Almont, North Dakota.

LOCAL RESUME

The Doing of Yourselves and Others' Work

Miss Christine Nelson is assisting in the Farmers' Bank.

Mrs. Fred Hooper is entertaining a number of friends at her home near this town.

Jonathan Pederson spent the first of the week in Bismarck, visiting relatives.

George F. Ford, of Mandan, was an Almont business visitor, Tuesday afternoon.

Mrs. Teckla Barnard left on No. 8, Tuesday morning, for Bismarck to look after some business matters.

Walter Larson, manager of the creamery at Vucosa, spent Saturday and Sunday in this place, visiting friends.

Ed. White of Bismarck, who is representing the Copelin Caudy Co., spent some time in this place Wednesday afternoon.

Sport Homan of Atlantic, Iowa, and Henry Bunsam of New Salem, were the guests, Sunday, of Mr. & Mrs. Fred Vollrath of the Almont Cafe.

During the absence of H. M. Silvernail from this place for a week, August Vollrath, second yardman at New Salem, is in charge of the Mandan Mercantile yards in this place.

The Almont Cafe

Was opened to the public Monday August 12. Give it a Trial. Fred Vollrath, Proprietor. Almont, North Dakota.

Miss Christine Nelson who has been spending the past ten weeks, visiting relatives and friends in Ia. returned to Almont, Wednesday afternoon, after a pleasant summer outing.

Mrs. Anna R. Compton, was in New Salem, Tuesday, having some dental work done, and also attending to some other business matters, in company with her mother she drove home in the evening.

The people of Almont were very happily surprised to see Mrs. Fred Holritz step off Moady's train apparently entirely recovered from a very difficult operation, and every one extended the welcoming hand on her return home.

The special school election held here last Saturday resulted in the closing of our school, and the election of another. The advertisement for bids will be found in another column.

Geo. B. Farrel of Bismarck, and who represents the Stoughton Wagon company, spent some time in Almont, Wednesday, finishing business for his company. Mr. Farrel holds the position of general agent for southern North Dakota, Montana, and has built up a fine business in that territory. The Arena enjoyed a pleasant visit from him while waiting his train.

G. H. McPherson, of Valley City, who has been in the vicinity of Leith, adjusting bull fences, spent few minutes in this place while en route home. In speaking of the damage done by the late storm, he said the individual losses would be from five to thirty-five per cent of the crop—the average would be about 15 per cent.

Revenue collector, George H. Piency stepped off the train, Tuesday morning to round up a sheep. He is alleged to have been careless with other people's personal property, and also careless in dispensing "hot water" but when his own representative approached the next the only bird find down.

Minnesota State Fair And Exposition

HAMLIN

Midway between Minneapolis and Saint Paul
Sept. 2-7, Inclusive

It is needless to say that the Minnesota State Fair is one of the greatest if not the greatest exhibition of its kind produced by any state in the Union. The management has set the pace where others follow, and things entirely new are to be introduced at this year's exposition. Fifty counties will exhibit; the buildings have been improved and the grounds beautified; aviation features, a modern farm kitchen, farm boys' encampment, military display, special speed features are but a few of the attractions.

You will enjoy it and profit by it.

Convenient train service—sleeping cars on night trains—parlor cars on day trains, dining cars—service to satisfy all—none better. Ask for your ticket via the

THE AMERICAN REVIEW
EDITED BY ALBERT SHAW

MORE NECESSARY THAN EVER

SIMS SIDELIGHTS

John Lane spent last Sunday at Sweet Briar, visiting his family.

Mrs. A. P. Johnson made a trip to the capital city, last Saturday.

Judge J. C. Johnson of the county, was a Sims visitor last Saturday.

Miss Margaret Gully of Mandan, was the guest of Miss Alice Pelland of this place last Saturday.

The N. P. Ry has ordered new material for a platform at the local station.

N-Pet's bridge gang is here this week driving concrete piling at bridge 57, one a one-half miles east of Sims.

Mr. and Mrs. A. Holritz and Miss Agnes Ims motored out to Fred Oelke's place last Monday evening.

H. E. Erb and Ole Ohnstad from the Heat River country, passed thru Sims to New Salem, one day last week.

The Sims bridge which was damaged by the storm of a couple of weeks ago, has been repaired and remodeled by Andrew Anderson a John Jacobson.

Mrs. Frank Morey of Bismarck, and her sister Mrs. Lee and daughter, of Minneapolis, were the guests of their cousin, Mrs. G. N. Isolany of this place for several days last week.

Rev. and Mrs. G. N. Isolany a family accompanied Mrs. Morey and Mrs. Lee and daughter, were guests at the hospitable home of Mr. & Mrs. J. H. Olin, last Monday.

Harvesting has commenced in this territory, and, by the time of printing these items, it will be in full swing. The grain in this vicinity has not been damaged by hail so the farmers are looking for a big crop.

Joe Wester's gang has been busy the last few days moving the stand pipes at Sims, a little farther from the track in order to eliminate the danger of injuring the brakemen as they climb up and down the side of the cars.

Mrs. Ingersol of Monticello, Minn., was the guest of Mrs. John Jacobson of this place, for a few days last week, left for the Fisbach country, last Sunday, to visit her son and daughter, Ed. Ingersol & Mrs. N. Whitcomb, respectively.

Additional Local.

A marriage license was granted by county judge J. C. Johnson to Eli J. Baker and Hilda Mary Hagerman, both of Almont.

Mr. and Mrs. G. H. Anderson left over the N. P. for Alta, Iowa, Wednesday, to visit the former's father and mother.

Carson Press—Frank E. Todd of Almont, made the Press office, a pleasant visit this morning. Frank was on his way home from Minor where he was engaged in some real estate deals, and in the meantime visited friends in that locality.

Rev. R. Alexander is spending the greater part of this week visiting in the country adjacent to Almont. He is making the most of rural life that he possibly can, for after two more weeks of labor in this field he will leave for Chicago, where he will enter McCormick Seminary for the coming year.

H. H. Stranahan, an up-to-date farmer of Cass county, and also a representative of the Fargo Bridge and Iron Works, spent some time in this vicinity looking over some of the sites where bridges are to be built to the near future. It was his company which built the bridge just outside the town site. He left for Mandan, Wednesday morning on No. 8.

Kensington Club Entertain.

Saturday night the youth and beauty of Almont, and vicinity gathered at Jacobson's hall to partake of the delicious ice cream and cake that was being served by the members of the Kensington club. The merry time began at 8 o'clock and continued till near midnight. Merry games and frolics that are ever pleasing were played by all, and as a fitting close to the evening's pleasure, the keenest though friendly rivalry was manifested by the young men in bidding for the cake that Dr. Cain auctioneered off.

The ladies of the club were well pleased with the results of their efforts, and when the receipts were counted the club found they were nearly 20 dollars to the good.

Thursday afternoon, Mrs. W. T. Cain who has been spending a few pleasant weeks in Michigan, returned to Almont—and Doc has resigned his membership in the married bachelors' club.

FOR SALE:—Nearly new Recycle New Departure coaster-brake; G & J clutch tires. Reasonable price. Enquire of Robert Alexander, Almont, N. D.

FOR SALE:—A good all around farm team; weight about 1200 lbs; an excellent driving team. J. W. Hensleigh, Almont.

Presbyterian Church Services
Aug. 18th, 1912
There will be the usual preaching services on next Sunday. At the Timpe school house at 2, and at Almont at 5 p. m. To all these services a cordial invitation is extended. R. Alexander.

DISORDERED DIGESTION

If Neglected May Develop into a Severe Form of Stomach Trouble.

The Best Safeguard to Keep the Stomach Tuned Up and the Treatment Should Be Begun When the Signs are Observed.

A few years ago Mrs. Mrs. George P. Pillsbury, Minn., began to suffer from stomach trouble. It came on me gradually and I do not know what caused it. I grew little by little to all the time, thinking that it was merely a slight attack of indigestion. It finally developed into a severe form of stomach trouble and I suffered terribly for months.

At the beginning of my sickness I had fainting spells and became unconscious. There was gas on my stomach, my appetite was very poor and what little I ate did not seem to be digested. I was sick at my stomach a great deal and had severe dizzy attacks. I had hot flashes when it would seem as though I was burning up. I could not sleep at night or during these spells unless I took something to ease the pain. I was very weak and was in this condition for 10 months. I could not do any work and was confined to bed for two or three days at a time.

A doctor at Duluth said I had gastric fever. He did not give me much help so I tried Dr. Williams' Pink Pills upon my mother's advice. I gave the pills a thorough trial and unlike the doctor's medicine they stayed with me. I took several boxes of the pills and was entirely cured. I think so much of the pills that I always keep them in the house.

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened digestive system has made hundreds of cases in the most severe stomach disorders. This record of cure should merit a trial for the relief which is guaranteed free from opiates.

A new edition of the booklet, "What to Eat and How to Eat" with Pink Pills upon my mother's advice. I gave the pills a thorough trial and unlike the doctor's medicine they stayed with me. I took several boxes of the pills and was entirely cured. I think so much of the pills that I always keep them in the house.

Dr. Williams' Pink Pills are on sale at all druggists, or they will be sent to any address by mail, postpaid, on receipt of 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

MEAN.
Mrs. Teilitz—I heard something to day that I promised never to tell. Mr. Teilitz—My right; I'm talking.
What He Bought.
A Syracuse business man living in one of the suburbs decided to give up his suburban back yard to the raising of currants as a profitable side issue. So, wishing to absorb all the information he could acquire on the subject of the currant industry, he went down town one Saturday afternoon recently and returned with his arms full of books.
"Well, I did," inquired his enthusiastic wife, "the morning newspaper on the table, did you succeed in getting what you wanted?"
"Sure, I did," he replied, proudly pointing to the books he bought, "which year's edition of I bought with your current literature."—Exchange.

A wife is supposed to be a man's better half, but sometimes she turns out to be his bitter half.

A Triumph Of Cookery—

Post Toasties

Many delicious dishes have been made from Indian Corn by the skill and ingenuity of the expert cook.

But none of these creations excels Post Toasties in tempting the palate.

"Post Toasties" are a luxury that make a delightful but weather economy.

The first package tells its own story.

IMPROVE LIVE STOCK

Dispersed Farming Brings Enduring Prosperity.

Bismarck.—The question of the improvement of livestock is being given consideration over the state, and especially are bankers, real estate dealers, and, in fact, all classes of business men becoming interested in a particular breed. No community will be really prosperous or stable until its farm stock is improved. It is the key to successful farming, and the most interesting and profitable part of the business. No community will be really prosperous or stable until its farm stock is improved. It is the key to successful farming, and the most interesting and profitable part of the business.

Dairy Commissioner Flint favors a plan whereby the commercial clubs of the various towns in this state might assist quite materially in promoting there own interests by taking a hand in this matter. One of the plans which would prove quite interesting and profitable to both farmer and business man, would be that which might be termed a cow contest. In this contest, having a cow of the same breed, exhibiting against each other, and also against other breeds.

Many communities over the entire country are meeting with great success in specializing in one particular breed, and with little or no cost to you it is being carried on. Especially is it proving quite satisfactory in the case of New England where it is being carried on.

When one becomes interested in live stock there is a sort of a human interest which is not to be despised. For instance, no one has any feeling when they sell a bushel of grain, but when the herd or an animal is sold from the farm, there is generally a sort of rivalry in the family, especially when the animal or animal has been raised on the farm.

This feeling of interest soon grows to all concerned with the farm, and in time there is something about it which becomes second nature to all concerned. When the interest increases, then the improvement of the herd begins to increase. The profit then very naturally begins, and continues to grow. The result is the farmer and eventually the whole community, becomes prosperous.

GOOD YIELD ANNOUNCED.

Barley Treaching Has Been on For Several Days—Fine Grain.

Valley City.—The first threshing in Barnes county is reported from the vicinity of Hingol on the farm of John Hartz. The threshing has been running for several days on barley with most gratifying results. The grain is of splendid quality and is threshing between 40 and 50 bushels to the acre. Other reports of big yields come from Ransom county where the barley is said to be threshing out about 65 bushels to the acre. It is estimated that the work of cutting grain is more than half finished and from now on will be pushed as fast as man and horse can get on the job. So far, the shortage of help has not been seriously felt in Barnes county. The advertising done by Geo. Steiner here has splendid results and large numbers of men have come to the city in response. There has been scarcely a snap up by the farmers and put to work.

RAIN AIDS CROPS.

Two inches of Precipitation is Registered.

Fargo.—North Dakota is once more dripping wet. Two inches of rain has fallen over the Red River Valley in the past 24 hours and it is still raining. Harvesting and threshing operations will probably not be resumed this week. Months, thousands of acres in all sections of the state are safe.

Storm conditions prevail throughout North Dakota, temperatures have dropped and hail has been reported in several places. The storm accompanied by heavy rains and, in some sections, by hail, struck the "strip" country. At Starvation, N. D., in the northwestern part of the state, heavy hail was reported and considerable damage was done.

Man Injured in Runaway.

Grand Forks.—Nels O. Twite, who is a prominent traveling man, was nearly killed at Italia in a runaway when he was struck by a horse. The horse was an axle, which may cause amputation, and bruises over his entire body.

Died Suddenly.

Fargo.—Died was greatly shocked upon the death of one of the oldest and most influential residents of the city, who, until his death, possessed the highest reputation in the city. He was 70 years of age and was in the best of health. He was in the city for many years and was well known to all. He was a member of the Grand Lodge of the Grand Old Men of the World, and was a member of the Grand Lodge of the Grand Old Men of the World.

SAVED FROM RUIN

Undermining of Winchester Cathedral Stopped by Cement.

For Many Years the Historic Building Has Been Cracking, Bulging and Settling, Threatening to Collapse Completely.

London.—A party of eight men, under the supervision of the architect, have been working for many years to save the Winchester Cathedral from ruin. The cathedral, which is one of the finest specimens of English Gothic architecture, has been in a state of decay for many years. The work has been carried on with the utmost care and skill, and the cathedral is now in a state of repair.

The first hole dug into the foundations revealed the cause of the trouble—water—and acting on expert advice, holes were dug in sections through the top soil and chalk and the water was pumped out. The work of the diver in his usual diving dress to enter the hole, remove further layers of peat so as to allow the water to flow into the cavity, and to pump a flooring of cement to prevent the water from sinking back into the gravel. After the impeller water had been removed by pumping the cavity was filled up with brickwork. In some places this extended from the floor laid by

the diver up to the solid sidewalk of the cathedral, showing like a roof of rock overhead. The work underground was being carried out, patiently and thoroughly, seven anxious years, the cracks in the walls, vaultings and arches of the fabric were sealed by the injection of liquid Portland cement from a squirting machine, a process known as grouting, capable of being manipulated so as to penetrate the lowest crevices or run through the thickness of a massive wall.

MAN'S SIGHT IS RESTORED

Full Against Dear, Miss George Morgan Hops for Complete Relief.

Winnington, Ind.—becoming totally blind fourteen weeks ago, George Morgan, Jr., age twenty-two years, lost his sight through a stroke of the eye. He had been in the hospital for several weeks, but his sight was not restored. He was in a state of despair and was about to give up hope when he was cured by the use of Dr. J. H. Rindlaub's Eye, Ear, Nose and Throat Remedy.

He came to this city, to get his parents' consent to be helped over a rug and fell the yearling. He was in a state of despair and was about to give up hope when he was cured by the use of Dr. J. H. Rindlaub's Eye, Ear, Nose and Throat Remedy.
