They Winnepeg is exported; it passes of to Fort William and Port Arthur lucated on the north shore of Lake by. Tuesday of this week, and it and Superior form the American iss a very presentable appearance. head of the lakes. To handle this immense business that passes thru ited articles and uses the Associat- Winnepeg, the grain dealers of that the only one of its kind west of the the Winnepeg Grotn Exchange Missouri river, and fills a long felt is similar in essential respects to

The development of the grain sturds, austing, lighting stock, trade in Western Canada since tion turn service. The wish of the Hy the same abuses and difficulues that appeared in the America: iar greates than its backers have northwest during the seventies and anticipated. And it Beach uves eighties; (And are existing today much as then-Ed.) there are line elevators, just as in the United e ig ciy of the States; shippers have found it difficult to get cars; low prices wer paid to farmers at country points complaints of underweighing an

or excessive dockage were frequent Ten years ago, when Mr. T. A Crerar, now president of the Grain Growers' Grain Company, was armer, he had one thousand bush els of wheat. He could not get a car, so had to go to the line elevator at his shipping point. He was offered nuncteen cents a bushel less than the Port William price, although the freight rate was only nine cents Mr. Crerar had the delightful al ternative of turning over his, han earned profits to the rappetous lin

elevator company, or of feeding the grain to his stock. Thousands of farmers had simil scomperiences, and they flaturally began to take measures to improve conditions. The movement first the form of a local grain dealers associations, just as the farmers of the United States had expresse their indignation thru, the forms tion of the Patrons of Husbandry many years before The first local Grain Dealers' Association was forticed in 1901 in Saakgothewan many others appeared within a fen months, will fir 1902 the movement aprond into Manitoles, where thirty toons harr been, argunized in the spring of 1903.

CANADA'S GRAIN SHIPPING Tot and Oily local Grain Growers hijndred in Baskatchewan, and ree hundred in Alberta. In Alberta these associations are known Are Solving the Orain Shipping as the United Farmers of Alberta, or the "U. F. A." Each province has a central organization, with its executive officers and boards of directors, and the central organizaany, Limited, of Canada is the signs of these provinces are further cil of Agriculture, which is com

The object of the Grain Growers associations is primarily social and legislative. They sim to use their Influence for legislation bearing on the marketing, grading, and transpartation of grain, to promote bet ter education among farmers, and to encourage co-operation in the distribution of farm products and have achieved such power as troloundly affect legislation in the province; it is only natural than he movement should have resulte in the formation of a vest economi organization whose main purpose vas the marketing of grain.

Hence the Grain Growers' Grain Company was an ontcome of the Continued on page Right.
