Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

Read this one trom mrs. Where:

Camer, M.—"I was sick for two years with nevyous spells, and my kitinoys wore affected. I had a doctor all the time and used a galvanic batter, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a steeping-chair, and soos became almost a steleton. Finally my doctor wont away for his health, and my husband heard of Lydia E. Pinkham's Vegotable Communical and got me some. In type mentils I got relief and now I am like a new woman and am at my usual weight. I recommend your instillation to every one and so does my husband."—Mrs. Tilles Waters, 1135 Knight St., Camdon, N.J.

And this one from Mrs. Haddock:

aclp you plan your house or barn

Every month we are helping hundreds of people to plan their homes. We knew that many country folks were not able to get in touch with good architects—and so we employed some of the hert architects of the Pacific Coast and Middle West, that we night offer their services to the farmers and people in small towns.

Our charges for the services of these architects are very small—a more fraction of the usual charges for such work. When the building materials are bought from us the money paid us for service of this hind is refunded. Write be rur special plan sheet (see the compan) and send us a rough sketch of the way you want your binue or barn laid out, and let us give you our suggestions.
